Nail and Beauty Products Edition

We stand behind the quality of our products for over 30 years

Words from Our Executives

John Hsu, CEO

It is my strong belief that the success of any company lies in the ability to foster success among customers and employees.

Here at Dara, we work every day to develop synergies with our customers so that together, we can achieve more. We also provide a supportive environment for our employees, one in which they can continuously gain more knowledge, experience and wisdom.

Wisdom, along with health and love, are the three pillars upon which Dara stands. We weave these core values into our products and services to maximize customer satisfaction. We also encourage our employees to embrace these values into their working and personal lives.

We welcome you into the Dara family to grow together with us.

Anne Ma, COO

Throughout Dara's 32 years of operation, we have been focused on product quality and service. Our dedication to consistently exceed customer expectations has defined the Dara name and symbolizes who we are.

We're excited to share with you some of the recent improvements we have made to our operations and infrastructure that enable us to better service our customers.

- Installing a new state of the art POS system that allows us to complete your orders faster and save valuable time for reorders.
- Establishing a computerized inventory system to streamline our supply chain by more accurately tracking supply and forecasting demand so that products that customers need are always in stock.
- Locating new suppliers around the world that have quality products at lower costs to pass on more savings to our customers.
- Implementing systematic employee training to ensure all of our employees are knowledgeable about our products and to elevate our level of customer service.
- Renovating our 40,000+ SF office and warehouse to create a more comfortable working environment for employees, a more inviting atmosphere for customers, and a more efficient inventory organization system.

We welcome you to visit our newly renovated office and to discuss how we may help you achieve your business goals!
