POPULAR GARMENT & OFFICE ACCESSORIES

KNIT ELASTIC

Knit elastic is soft against the skin, making it a great choice for applications where the elastic touches the body, or can be used in a casing. Knit elastic doesn't narrow when stretched, and you can sew through it with or without weakening or distorting the elastic, making it suitable for light to mid-weight fabrics.

TWILL TAPE

100% cotton

Twill tape is a flat ribbon of cotton used to make casings, dress forms, product labels, or snap tape. Also used to bind edges, stabilize and reinforce seams, and to sturdy ties for closing garments.

POPULAR GARMENT & OFFICE ACCESSORIES

HOOK AND EYES

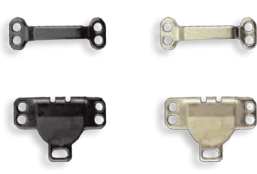

One of the most common simple and secure methods of fastening garments together consisting of a metal hook, bent to the required shape, and an eyelet into which the hook fits. As they remain secure for the life of the garment, hook and eye is the preferred method of closure found on bras or used as waistband closures on pants and skirts.
